

STEM CLOVER RF

Actives

Antiageing and skin densifier, issued from Red clover flowers

INCI : Trifolium Pratense (Clover) Flower Extract and water and Butylene Glycol

CAS # : 85085-25-2, 7732-18-5 , 107-88-0

PRODUCT INSIGHTS

Antiageing and skin densifier, issued from Red clover flowers. Promotes transcriptional activity of HIF-1 α , thanks to its richness in premium Isoflavones (Formononetin and Biochanin A).

APPLICATION

- Skin Care
- Anti-aging / Firmness / Elasticity
- Moisturizing
- Sensitive Skins

PROPERTIES

It reduces dryness and skin sensitivity caused by skin thinning. Promotes transcriptional activity of HIF-1 α , an essential factor involved in the maintenance epidermal stem cells. Tested at 1% on 3D skin models and on volunteers (skin thickness and hydration)
